## Ram Quarterback Club

A local group recently honored the Belle Glade Rams with a steak dinner after the game, and the Lake Worth game, and the enthusiasm has spread until a regular Quarterback Club has come into existence, with Spider Lindrose as President, Jim Hodges, Accountant, and Harold Rubin as Secretary-Treasurer.

Cash in hand and reliable pledges have mounted to over \$2,000 according to reports, and the list of members is open to anyone who will join.

Every fan is invited to join, with special welcome on financial underwriting.

Plans have already been made to feed the players and entertain the cheerleaders, the Rams, the coaches and their wives and Principal and Mrs. Morris following the Ft. Pierce game, at Ft. Pierce.

## Still Undefeated

"Best Team Since Joining Conference"  
Rams Edge Toward First League Title

(By Suncoast Conference)

One of the best football teams in the history of Belle Glade High School, and unconditional best from that school

since it joined in the formation of the Suncoast Conference 13 years ago is another step closer this week to the first league title of any description

for the Rams. An inspired 12-0 triumph at the pennant-favorite Trojans boosted the Ram record to 7-0, and 5-0 in the conference, while the Bell Glade goal still uncrossed the league's annuals, and the '59 outfit each won five conference games. So both school records are equal.

Three games yet to come, and both are virtually assured of being topped.

Even more intriguing is the unblemished defensive mark. No Suncoast team ever has achieved that objective, or even gone this far in the season with giving up at least one touch-down.

But two major hurdles still are facing the leaders. In the feature of next Friday's four.

## They're Sweet — So's The Corn

Little Miss Marcia Hall and her brother Gene are real enthusiasts about Glades Sweet Corn. They're neither peeing nor indulging in Make-Believe — they love that corn.

The South Bay Halloween Carnival served a barbecue chicken dinner, but this couple "loves that corn."

## No Additional Millage Anticipated To Build &amp; Operate New Hospital

The bond election Tuesday on the issuance of \$1,200,000 to District of Five Million added in 1963 and another five million in '63, giving us a total of near \$47 million.

With a millage of 3.75 (the present levy, reduced this past year from 4.25) to \$176,250.

Computation of interest for '64 is \$48,000, and for '65 principal payment and interest.

## Our Footballers—

## Close-d The Gaps - Mill-ed Around Ram-med 2 TDs Against The Mighty

Some say, "They were good — Look at the score!" Some say, "Heads-up football — remember fumble recoveries!"

We say, "Who CAUSED the fumbles — hard tackling?"

Did you ever see pros "chunk" a football any better?

Did you ever see a better demonstration of quick thinking than the Ram kicker who side-stepped two men and slammed the ball with his foot? The Coach told him that he was back there to "kick that ball away-and-gone" and that's what he did, despite two Trojans with other ideas.

You say, "And pictures prove it that blocking is effective; the Trojans found that fooling around in the back field with the ball is dangerous with the Rams — PURSUITS creates opportunities!"

Did you ever see a quarterback duck so many tacklers to move the ball with such a "tackling shuffle"? If some coach teaches ours to run, Mr. What's quarterback?

Yes. The Rams played football — ALL of them!

The scarcity of penalties, in a high school game with such intense rivalry, is a matter of PRIDE to parents, relief to spectators, and a tribute to Coaches of both teams.

Classes are again to be held at Glades, with application for employees of the institution and others from the community who wish to prepare for the G. E. D. ## God's Showcase

"Being justified by his grace through the redemption that is in Christ Jesus, we have God's gift set forth to be a propitiation through faith in his Blood, to declare his righteousness for the remission of sins that are past, for the sake of his Son, Jesus Christ, God to declare, I say, at this time his righteousness; that he might be just and the justifier of him which believeth in Jesus" (Romans 3:24-26).

## Rare Seashells Presented Library

### In Name Of The Late Mr. Tilton

Mrs. Clarence Tilton has returned from Monte Carlo and Monaco where she went to have two rare seashells identified. The seashells belonged to the late husband, Clarence Tilton. The rare seashells were identified as "CONUS NEBULOSUS SOL INDIES OCCIDENTALIS" by the scientist Monsieur Gilbert Testa, of the world renowned Oceanographic Museum in Monaco. The Museum has just

one of these seashells and it is beach worn and faded out. The Tilton seashells are beautiful and in excellent condition.

Mrs. Tilton presented the rare shells to the Belle Glade Public Library in memory of her late husband, Clarence Tilton, a noted entomologist, and the former tax collector of Belle Glade.

The Seashells are now on display at the Library.

1,000 Dove Hunters

Get 7,500 In Dade

Management Area

Approximately 7,500 doves

were harvested by 1,000 young

people from the Game and Fresh Water Fish Commission's new J. W. Campbell Dove Management Area in Dade County, during the first two days of the 1962-63 dove season according to W. T. McBride, Everglades Regional Manager.

This type of hunter success

for the early dove season in

south Florida is almost unpre-

dictable and attributed to the

more dove management areas

will be in the making for next

year," stated W. T. McBride,

Commissioner for the Game

Commission's Everglades Re-

gional Manager.

Hunters must remember that

it is against the law to discharge

firearms within 300 yards of an

occupied building or a public

highway. Game and Fresh Water

Fish Commissioner said.

Sportsmen should make an

added effort to first obtain per-

mission from land owners be-

fore hunting on private or post-

lands.

Courteous minded and safety

conscious hunters often spell a

successful hunting season for

our Florida Sportsmen.

## Port Facilities Save Glades \$1,500,000 Yearly

Gleason Starnbaugh, Vice Chairman of the Port of Palm Beach Authority, and candidate to succeed himself as Commissioner of the Florida Inland Wa-

terway Commission, pointed out this week on a trip to the Glades that "through facilities at the Port of Palm Beach, and those at the Port of Belle Glade,

plus our ability and willingness to furnish facilities in the Glades and/or, in Palm Beach, Glades shippers will save from a million to two million dollars annually and three quarters annually in the shipment of raw sugar alone."

"The recent authorization of the Authority for a feasibility study to be made concerning the Belle Glade Port is giving us authoritative information. We find that the seven mills in the immediate area have a capacity of approximately 1,000,000 tons of sugar. The Clewiston and the Moore Haven mills add approximately 160,000 tons, for a total of 560,000 tons. Total

"Freight rates have been ad-

justed, we understand, downward to meet possible transportation rates from \$2 to \$4 per ton to receiving terminals. An average of approximately \$3 per ton saving is apparent."

"Considerable incoming tonnage has moved westward in the last few months, and is affected by the water rates."

"The taxes, insignificant as they are compared to the whole tax bill, it seems, are coming of a "barn door" with handsomely."

"We are proud," says the Commissioner, "that our years of work and struggle are paying off to the TAXPAYERS."
